

REPAIR DEPOT

TRUSTED, CERTIFIED REPAIR DEPOT

Dymaxion is a warranty centre for Hewlett-Packard, IBM, Lenovo, Toshiba, Okidata and other brands. Regardless of the purchase source, Dymaxion can provide depot level warranty service or an upgrade on-site. Following the warranty period, hardware maintenance contracts covering parts and labour are offered, allowing clients to call our service hot line 902-406-HELP (4357) for support. Contracts are available for individual computers or a network of any size.

Dymaxion offers extremely competitive rates for repair and ensures that the products are maintained in the best possible working condition. We are manufacturer authorized to provide on-site services and will repair your products to the manufacturer's standards, if under warranty. Our experts will ensure that hardware issues have minimal impact to your productivity.
